THE ONGOLE ELECTRIC LICENSE, 1935.

License for the supply of Electric Energy Granted by the Government of Madras under the Indian Electricity Act, 1910.

Notice is hereby given that the undersigned as Chairman of the Board of Directors of the Ongole Electric Supply Company, Limited, Ongole, has applied to the Government of Madras for the grant of a licence to supply electric energy within the Electrical area marked on the deposited map, and the draft Licence is published hereunder. The copy of the deposited map referred to in the draft licence may be inspected free at the Registered Office of the Company at Ongole and the copies of the draft licence may be had from them on payment of Re 1 per copy. Every local authority company or person desirous of making any representation to this application may do so by a letter addressed to the Secretary to Government, Public Works and Labour Department, Fort St. George, within three months from this date.

License is hereby granted to the Ongole Electric Supply Company, Limited, Ongole, to supply electrical energy in the area with the powers and upon the terms and conditions all specified below:

SHORT TITLE

1. This licence may be cited as the Ongole Electric License 1935.

2. INTERPRETATION

This licence is to be read and construed as subject in all respects to the provisions of the Indian Electricity Act 1910 with the statutory modifications thereof and to the rules thereunder; and the several words, terms and expressions, to which meanings are assigned by that Act or any statutory modifications thereof or by the rules thereunder or the General Clauses Act, 1897, shall have in this licence and the annexures there to the same respective meanings, provided that in this licence:—

(1) The expression "The Act" shall mean the Indian Electricity Act, 1910, with the statutory modifications thereof.

(2) The expression "The Licensees" shall mean and include Messrs. The Ongole Electric Supply Co., Ltd., Ongole, and their permitted assigns.

(3) The expression "First annexure" "Second annexure" "Third annexure" and "Fourth annexure" shall mean the First, Second, third and fourth annexures to this licence respectively.

(4) The expression "Deposited Map" shall mean the plan of the area showing the streets or routes along which electric lines have compulsorily to be laid, all hereinafter specified, which has been deposited with the Government of Madras in pursuance of the rules under the Act, and which plan is signed for the purpose of identification by the Secretary to the Government of Madras in the Public Works and Labour Department and by the applicants under the name and style of the Ongole Electric Supply Co., Ltd.,

(5) The expression "Unit" shall mean the quantity of energy contained in a current of one thousand amperes flowing under an electro-motive force of one volt during one hour.

(6) The expression "Load Factor" shall mean the ratio or percentage of the average quantity per hour to the maximum quantity per hour of energy supplied in any month.

COMMENCEMENT OF LICENSE

3. The date of the notification by the Government of Madras in the Fort St. George Gazette that this licence has been granted is in this licence referred to as "The commencement of the licence."

SECURITY

4. (a) The period within which under clause 1 (a) of the Schedule to the Act the licensees shall show that they have available capital of Forty Thousand Rupees and are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this licence throughout the area of supply

shall unless otherwise ordered by the Government of Madras under that clause be nine months from the commencement of the licence:

(b) The period within which under clause 1 (b) of the Schedule to the Act the licensees shall deposit security and the sum so to be deposited shall unless otherwise ordered by the Government of Madras be six months and rupees Three thousand respectively:

AREA OF SUPPLY

5. The area within which the supply of energy is authorised by this licence is the whole of the area contained within a circle of six miles radius from the junction of the Hardinge Street and the G. N. T. Road in Ongole.

PURPOSE OF SUPPLY

(6) Subject to the provisions of this licence and the Act and the rules thereunder the licensees shall be entitled during the continuance of this licence to supply energy within the area of supply for all purposes.

Provided that the licensees shall not without adequate notice being served on them be under any obligation under Section 22 of the Act to supply more energy than is consistent with their obligation to maintain a constant supply to consumers due regard being had to the licensees' load factor.

Provided that no supply of energy shall be commenced to be given by the licensees to owners or occupiers of private premises until the Government of Madras have approved the form of requisition to be made by the owners or occupiers for such supply of energy and also the form of written contract or agreement with the licensees to take a supply of energy which is to be executed or entered in to by the owners or occupiers until the Government of Madras have also approved the amounts of all retail rates actually charged to consumers for energy supplied for various purposes and also all miscellaneous charges incidental to or in connection with such supply and which the licensees propose to make against the consumers.

SYSTEM OF SUPPLY

7. The systems to be adopted for the supply and transmission of electric energy under this licence are the following:—

1. (a) A medium pressure alternating current three phase four wire supply at the pressure at the consumer's terminals of 400 volts (approximately) between phase and 230 Volts between phase and neutral which shall be earthed at one point only on each separate distributing system at a frequency of fifty complete periods per second.

(b) A high pressure alternating current three phase transmission lines at a pressure of 6,600 and 3,300 volts between phases at a frequency of fifty complete periods per second.

(c) The neutral points of the high or extra high pressure systems may, with the approval of the Government of Madras and the concurrence of the Telegraph Authority and the Madras & Southern Maharashtra Railway, be connected to earth.

Provided always that it shall be lawful for the Government from time to time to issue with due regard to the expenses involved and to the effect upon the commercial prospects of the undertaking, regulations dealing with the above systems of supply or to authorise subject to such limitations and conditions as shall be prescribed in writing by the Government other systems of supply to be adopted for the purpose of this licence.

2. The transmission lines, feeders, distributing mains and service lines may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensees in strict conformity with the Act, and the rules thereunder and the following provisions:—

(a) The licensees shall not use overhead mains at any higher pressure than medium pressure without the sanction in writing of the Government of Madras in each case and subject to any conditions or limitations which the Government of Madras may prescribe.

(b) In the streets mentioned which may at any time hereafter be named in writing by the Government of Madras all electric lines shall be laid underground.

(c) In the streets mentioned which may at any time hereafter be named in writing by the Government of Madras all electric lines crossing the streets shall be laid underground.

(d) Where the transmission of Electric supply lines crosses or runs along the routes of taboot or temple car or similar religious processions, the wires shall be laid underground or at such height or temporarily removed as will allow of the free and safe passage of those processions.

(e) In all streets and thoroughfares less than 14 feet in width for wheeled traffic, posts for overhead electric lines shall not be erected.

(f) In narrow lanes through which wheeled traffic is not permitted the posts shall be placed on the extreme edge of the lane and a special construction to be approved by the Electrical Inspector adopted to keep the wires four feet clear of every building.

(g) In any street or its direct continuation in which overhead electric lines are run, such lines shall be run throughout on one side only.

(h) Where overhead mains are used, due precautions shall be taken by the licensees to avoid any possible interference with the adjacent telegraph or telephone circuits due to inductive effects. The power wires shall be suitably transposed where necessary.

(i) For the purpose of rule 61 of the Indian Electricity Rules, 1922, the maximum wind pressure shall be taken as 15 lb., per square foot.

COMPULSORY WORKS

8. (a) The licensees shall lay down suitable and sufficient transmission lines, feeders and distributing mains and erect the generating station with all machinery and apparatus necessary for giving a continuous supply of energy and shall do all other works necessary for the commencement of the supply and to the satisfaction of the Government of Madras throughout such streets or part of streets as are mentioned in the first annexure and as indicated in black on the deposited map. In the case of difference between the description in the first annexure and as indicated on the deposited map the latter shall prevail. The licensees shall commence to execute the works aforesaid within twelve months from the commencement of the licence and shall complete the same within two years thereof.

(b) Further within 12 months of the receipt of the application and subject to the first proviso of clause 6 (1) of the schedule to the Act, the licensees shall lay down suitable and sufficient additional transmission lines, feeders and distributing mains as may be required to effect a supply to every applicant, village or community within the area, having demand of not less than eight thousand (8000) units per annum per mile of additional transmission and feeder lines.

(c) In addition to the streets mentioned in the first annexure the licensees shall lay down further distributing mains to an aggregate length of one mile as may be directed by the Government of Madras within six months of the commencement of the supply.

(d) If the licensees fail to comply with the above provisions or should in the opinion of the

Government of Madras the progress made during any portion of the said period of three years be unsatisfactory, the license may be revoked and the security furnished as per clause 4 (b) forfeited.

(e) The licensees shall submit to the Electric Inspector, reports every six months from the commencement of the licence until the completion of the compulsory works specifying all steps taken and the progress made in carrying into effect this licence.

(f) The licensees shall subject to the first proviso to clause 7 of this licence supply all the energy demanded by the Municipal Council of Ongole.

GENERATING STATION

9. (a) There shall be only one generating station and it shall be within the area of supply.

(b) The licensees shall be at liberty to generate from one or more generating stations within the area of supply, energy to satisfy all or part of their requirements and buy the remainder in bulk or to generate no energy and to buy all the energy required for distribution and resale from a hydro-electric or other source having a generating station outside the area of this licence.

BREAKING UP OF STREETS AND RAILWAYS AND CROSSING OF WATERWAYS

10. (a) The licensees are hereby specially authorised to open and break up the soil and pavement of the Madras & Southern Maharashtra Railway so far only as concerns level-crossings and parts of the railway running along the highway.

(b) The length of the trenches to be opened on any street at any one time and the period for which they may remain open shall be determined from time to time by the Government of Madras or the local authority by which such streets are repairable, when any street is crossed not more than half the width of such street shall, without the specific authority in writing of the Government of Madras, or the local authority as aforesaid, be closed for traffic.

(c) The licensees are further authorised to cross all rivers, streams and irrigation channels within or contiguous to the area of supply in accordance with such conditions as the Government may impose.

LIMITS OF PRICES TO BE CHARGED IN RESPECT OF THE SUPPLY OF ENERGY

11 (a) The prices to be charged by the licensees for energy supplied by them shall not exceed those stated in that behalf in the third Annexure or in the case of a method of charge approved by the Government of Madras, in accordance with clause X of the schedule to the Act, such maxima as the Government of Madras may fix on approving the method: nevertheless the licensees may enter into special contracts, subject to section 22 and 23 of the Act, for the supply of energy.

(b) Should a supply of electrical energy in bulk become available at any future date from a Government power system or other source of supply at such rates that the rates of supply of distributed energy under this licence should be appreciably reduced, the licensees shall obtain their supply from such system within six months from the date from which notice is given by Government that such supply is available.

(c) In the case where the energy is obtained from a Government power system the Licensees shall conform in resale rates and in conditions of working to such regulations as may be issued by Government, to control distributing licensees in the disposal of electrical energy obtained from Government power systems.

PURCHASE OF UNDERTAKING

12 (a) The option of purchase given by section 7, sub-section

(1) of the Act shall first be exercisable on the expiration of twenty years from the commencement of this licence and on the expiration of every subsequent period of ten years during the continuance of this licence. The percentage of the value to be determined in accordance with and for the purpose of subsection (1) of section 7 of the Act of all lands, buildings, works, materials and plants of the licensees therein mentioned to be added under the second proviso of the subsection to such value on account of compulsory purchase shall be twenty per centum.

(b) In accordance with section 3, sub-section (2), clause (d) (ii) of the Act, it is hereby expressly declared that the generating station within the area of supply belonging to the licensees and to be used in connection with the undertaking, or if there is no generating station within the area of supply but energy is bought from a hydroelectric project or other source, then in that case the one or more receiving and distributing stations to be used in connection with the undertaking as also the unpaid balance if any of apparatus of wiring provided by the Licensees on hire purchase shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

(c) During the period of notice prescribed in section 7 (4) of the Act, all extensions and outlays of moneys debitable to the capital account of the licensees shall be subject to the previous approval of the Government.

CONTINUITY OF SERVICE

13. It shall be the duty of the licensees to give to the nearest Magistrate immediate and full information of any circumstances in which interruption of the supply may be apprehended as a result of civil commotion or disturbance of the public peace or any strike or lockout of the nature specified in Section 15 of the Trades Disputes Act 1929.

VARIATIONS FROM THE SCHEDULE TO THE ACT.

14. In pursuance of section 3, sub-section (2) clause (f) of the Act, it is hereby expressly declared that clauses IV and IX of the schedule to the Act shall be excepted from incorporation in this licence.

ASSIGNMENT OF LICENSE

15. The licensees may assign this licence or transfer the whole of their undertaking in respect of which this licence is granted (including all lands, buildings, works, materials and plant of the licensees) to a company formed or to be formed and registered in British India having authority to take over the licence and the said undertaking as the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensees under this licence and the Act and the rules made under the Act and on such assignment the rights powers and liabilities of the licensees shall be assigned and transferred to and shall be exercised by and shall attach to such company formed or to be formed as aforesaid.

Provided (1) that a complete statement of the terms of the proposed assignment is placed before the Government of Madras and that no charge on account of premium or in the case of an undertaking not earning profits of goodwill shall be included in the terms of assignment, and

(2) that no assignment shall be made without the previous consent in writing of the Government of Madras.

REVOCATION

16. If the licensees fail to comply with the provisions of any of the clauses hereof, the license may be revoked.

FIRST ANNEXURE

COMPULSORY WORKS.

List of streets or parts of streets in which the licensees are to lay down

suitable distributing mains for the purpose of supply of electrical energy:—

1. G. N. T. Road from quarry line crossing up to the Northern Toll-gate.
2. Ghose road.
3. Railway feeder road.
4. Ananda Row road.
5. Chengaiah Chetty road.
6. Chitharanjan road.
7. Kothapatnam road up to Municipal Limit.
8. Governor road.
9. Hospital road up to Ghoshahospital.
10. Temple Street.
11. South Bazaar.
12. Hardinge Street.
13. Pathivari Street.
14. Lambadi Rd. upto Venkataramaniah lane.
15. Court Street up to Rangarow Cheruvu.
16. Pappu Bazaar.
17. Amalanandunivari Street.
18. Ghadiyapuravari Street.
19. Sitharampuram Agharam Street.
20. Chivukulavari Street.

SECOND ANNEXURE.

BREAKING UP OF STREETS & RAILWAYS

List of streets not repairable by Government of Madras or by a local authority and of tramways and railways which may be broken up in pursuance of the special powers granted by this licence:—

- | | | |
|------------|---|-----|
| Streets | ... | Nil |
| Tramways | ... | Nil |
| Railways:— | The Madras and the Southern Maharashtra Railway Quarry Line crossing the G. N. T. Road. | |

THIRD ANNEXURE.

Maximum Charges

Domestic Supply:—

- (a) Lights, fans and small apparatus of less than 1 H. P. provided fans and apparatus form at least, 30% of connected load ... 5½ as per Unit.
- (b) Lights only ... 6½ as per Unit.

This tariff is subject to a minimum monthly charge of Rs. 4 per K. W. of connected load with a minimum of 3 rupees.

For lighting and fan loads in tanneries, rice mills etc., the rate of power used for industrial load will be charged.

- (c) Heating and Cooking:—Connected to a separate circuit and metered separately the connected load being not less than 3 K. W. } Same as power.

Power used during the hours of 11 p.m. to 5 p.m.

Subject to minimum charge of Rs. 5 per K. W. of maximum demand. (maintained for more than 15 minutes).

For the first 250 units per month 2½ annas per unit.

For the next 1,750 units per month 2 annas per unit.

For the next 3,000 units per month 1.5 annas per unit.

For the rest 1.25 annas per unit.

For power used during the restricted hours of peak load on the supply station surcharge up to 20% may be permitted.

For power used for agricultural pumping, a rebate of 10% will be allowed on the above power rates if the load connected to the line at any point exceeds 10 K. W. and 20% if it exceeds 25 K. W.

Bazaar Lamps:—

Energy required by Bazaar shops Rs. 2-3 per 40 watts lamp, burning for not more than 5 hours per day. Lamps burning for more hours or of larger wattage, proportional rates.

Public Bodies:—

Energy required by local authorities for public works and lighting of streets and public places.

A charge of 3 annas during restricted hours and 2½ annas between 11 p. m. and 5. p. m.

All maxima may be increased 20% for the first 15 months of operation.

FOURTH ANNEXURE

1. The situation of the proposed generating station:—In the portion marked in the deposited map.

2. Particulars of design and construction of the plant. Vide survey report accompanying.

A detailed estimate of the cost of generating electricity. Vide survey report accompanying.

4. Particulars of the anticipated results, financial and otherwise for the five years of working. Vide survey report accompanying.

(Sd) T. R. SARMA,

Chairman, Board of Directors, The Ongole Electric Supply Co. Ltd. Dated 15th April 1935.
